

LEAP Menu To Table Mapping

Generated from app/views/layouts/application.html.erb, config/routes.rb, controllers/services, and db/schema.rb.

This report maps visible application menus/routes to the main database tables they read or write. Supporting tables are included when they control access, provide dropdown options, join uploaded files, or feed summary calculations.

Menu Wise Tables

Section	Menu	Visible For	Path / Controller	Primary Tables	Supporting Tables	Notes
System	Login / Logout	All users	root, /login, /logout SessionsController	users, employees	budget_utilizations, project_summary_submissions	Login validates users. employee link decides role-specific access. Session create may redirect finance or P&B approval users based on helper checks.
System	Dashboard	Logged-in users	/dashboard DashboardController#index	bli_activities, plan_submissions, plan_submission_items	employees, users	Current implementation redirects user dashboard to Allocated P&B and admin dashboard to Employees. Old dashboard logic still references employee activities and saved plan submissions.
MIS	Employees	Admin/MIS	/admin/employees Admin::EmployeesController#index/create/update/toggle_active	employees, users	bli_activities, action_plan_fco_mappings, action_plan_vertical_mappings, project_ownerships	Employee master and login creation/update. Employee code changes are synced into FCO mappings, vertical mappings, and project ownership records.
MIS	FCO Access	Admin/MIS	/admin/action_plan_fco_mapping Admin::ActionPlanFcoMappingsController	action_plan_fco_mappings	employees, users, action_plan_rows	Maps employees to action-plan FCO IDs. FCO option list is derived from active action_plan_rows. Enables login for mapped employees.
P&B	P&B Download	Admin/MIS	/admin/pb_imports Admin::PbImportsController	bli_activities, pb_import_files, parent_activity_assignments	employees, vertical_percents, employee_vertical_mappings	Imports/downloads P&B source rows and parent activity mappings. Parent activity mapping also maintains employee_vertical_mappings.
P&B	Allocated P&B	Admin/MIS, budget users, summary users	/plan_submissions PlanSubmissionsController#index/create	bli_activities, plan_submissions, plan_submission_items	employees, project_summary_submissions	Shows active allocated P&B rows. Non-admin employee save creates/updates plan_submissions and plan_submission_items.
P&B	Project Summary	Non-admin budget users only	/project_summary ProjectSummariesController#index/create	project_summary_submissions, project_summary_submission_items	bli_activities, vertical_percents, employees	Builds summary from employee accessible BLI activities and monthly split from vertical_percents; creates project summary submission/items for approval.
P&B	Budget Utilization	All logged-in users; edit for Accounts/finance users	/budget_utilizations BudgetUtilizationsController#index/update	budget_utilizations	bli_activities, vertical_percents, users, employees	Uses BLI budget as planned amount source; saves draft/submitted utilization by project, BLI code, and month.
P&B	Budget Utilization Report	All logged-in users	/budget_utilization_reports	budget_utilizations	bli_activities, users, employees	Reads submitted utilization rows and active BLI rows to show allocated, expenditure, remaining, and audit details.

Section	Menu	Visible For	Path / Controller	Primary Tables	Supporting Tables	Notes
			BudgetUtilizationReportsController#index			
P&B	Project Summary Record	Admin/MIS, summary approvers, budget users	/project_summary_records ProjectSummaryRecordsController#index/update/bulk_update	project_summary_submissions, project_summary_submission_items	employees, bli_activities, vertical_percents	Record screen for submitted/not-submitted project summaries. Can recalculate baseline from active BLI rows and update pending summary items.
P&B	P&B Summary Approval / P&B Summary View	Admin/MIS and summary approvers/viewers	/project_summary_approvals ProjectSummaryApprovalsController#index/approve/return	project_summary_submissions, project_summary_submission_items	employees, bli_activities, vertical_percents	Approves/returns project summary submissions. Final approval applies approved amounts back to active BLI activities.
P&B	Approval Records	Admin/MIS and summary/action-plan approvers	/project_summary_approval_records ProjectSummaryApprovalRecordsController#index	project_summary_submissions, project_summary_submission_items, action_plan_submissions	action_plan_rows, employees, project_ownerships, vertical_percents	Combined records screen. record_type=P&B reads project summary tables; record_type=Action Plan reads action_plan_submissions and related action_plan_rows.
Action Plan	Action Plan Import	Admin/MIS	/admin/action_plan_imports Admin::ActionPlanImportsController	action_plan_rows, action_plan_import_files, project_ownerships, action_plan_vertical_mappings	employees, users, action_plan_submissions, action_plan_month_changes	Imports project owner file, action plan rows, and user vertical mapping. Shows pending submission count and preserves/reapplies pending month changes during import.
Action Plan	Project Action Plan	Admin/MIS, project owners, FCO users	/action_plans ActionPlansController#index/create/download	action_plan_rows, action_plan_submissions	project_ownerships, action_plan_fco_mappings, employees	Displays active action_plan_rows by project/FCO/TO/state/vertical. Project owner submission creates action_plan_submissions with plan_type=project.
Action Plan	Vertical Action Plan	Admin/MIS and mapped vertical users	/vertical_action_plans VerticalActionPlansController#index/update/create/download	action_plan_rows, action_plan_month_changes, action_plan_submissions	action_plan_vertical_mappings, project_ownerships, employees	Vertical users edit monthly target columns in action_plan_rows; deltas are captured in action_plan_month_changes. Submission creates action_plan_submissions with plan_type=vertical.
Action Plan	Vertical Action Plan Record	Admin/MIS and mapped vertical users	/action_plan_records ActionPlanRecordsController#index/create	action_plan_rows, action_plan_submissions	project_ownerships, action_plan_vertical_mappings, employees	Record/summary view of vertical action plans. Can send selected vertical records for approval using action_plan_submissions.
Action Plan	Achievement Entry	FCO users	/achievement_entry AchievementEntriesController#show/update/submit	action_plan_rows, achievement_entry_details, achievement_submissions, achievement_submission_rows	action_plan_fco_mappings, action_plan_vertical_mappings, project_ownerships, employees, active_storage_attachments, active_storage_blobs	Draft achievement values are saved in monthly achievement columns on action_plan_rows. Remarks/files go to achievement_entry_details and Active Storage. Submit creates achievement approval records.
Action Plan	Achievement Entry Record	Admin/MIS and FCO users	/achievement_entry_records AchievementEntryRecordsController#index	action_plan_rows, achievement_entry_details, achievement_submission_rows, achievement_submissions	action_plan_fco_mappings, active_storage_attachments, active_storage_blobs	Shows saved drafts and submitted/approved/returned achievement rows by month/status.
Action Plan	Achievement Approvals	Admin/MIS and vertical/PO/COO/director approvers	/achievement_approvals/:stage AchievementApprovalsController#index/approve/return	achievement_submissions, achievement_submission_rows	action_plan_rows, achievement_entry_details, employees, active_storage_attachments,	Approval workflow for achievement submissions. Stages: vertical, PO, COO, director.

					active_storage_blobs	
Action Plan	Action Plan PO Approval	PO approvers	/action_plan_approvals/po ActionPlanApprovalsController#index/approve/return	action_plan_submissions	action_plan_rows, action_plan_month_changes, employees, project_ownerships	PO stage of project/vertical action plan approval. Reads scoped action_plan_rows for submitted project/plan type.
Action Plan	Action Plan COO Approval	COO approver	/action_plan_approvals/coo ActionPlanApprovalsController#index/approve/return	action_plan_submissions	action_plan_rows, action_plan_month_changes, employees, project_ownerships	COO stage. Approval can mark action plan complete/approved.
Action Plan	Action Plan Director View	Director approver/viewer	/action_plan_approvals/director ActionPlanApprovalsController#index/approve/return	action_plan_submissions	action_plan_rows, action_plan_month_changes, employees, project_ownerships	Director stage/view for action plan workflow.
Action Plan	Approval Records	Admin/MIS and action-plan approvers	/project_summary_approval_records? record_type=action_plan ProjectSummaryApprovalRecordsController#index	action_plan_submissions, action_plan_rows	employees, project_ownerships	Same controller as P&B Approval Records, with Action Plan record type selected.
Action Plan	Action Plan Reports	Admin/MIS	/action_plan_reports ActionPlanReportsController#index + ActionPlanStatusReport service	action_plan_rows, action_plan_submissions, achievement_submissions	action_plan_vertical_mappings, achievement_submission_rows, employees, project_ownerships	Status report across FCO submission, achievement approval, vertical summary, action plan approval details, and achievement details.
Reports	Report Information	All logged-in users	/report_information ReportInformationController#index	pis_report_documents, donor_report_uploads, fund_report_uploads, project_information_sheets	pis_document_types, donor_report_types, fund_report_types, bli_activities, project_ownerships, users, active_storage_attachments, active_storage_blobs	Combined report viewer filtered by project and financial year.
Reports	Project Information Sheet	All logged-in users; upload/import admin only	/project_information_sheets ProjectInformationSheetsController#index/create	project_information_sheets	users	PIS master/project information import and export. Financial-year helper is ReportFinancialYear, no DB table.
Reports	PIS Report Upload	Admin/MIS	/pis_report_uploads PisReportUploadsController#index/create	pis_report_documents	pis_document_types, users, bli_activities, project_ownerships, active_storage_attachments, active_storage_blobs	Uploads PIS documents and screenshots; files are stored via Active Storage.
Reports	PIS Report Record	All logged-in users	/pis_report_records PisReportUploadsController#records	pis_report_documents	pis_document_types, users, active_storage_attachments, active_storage_blobs	Record/export view of uploaded PIS reports.
Reports	Donor Report Upload	Admin/MIS	/donor_report_uploads DonorReportUploadsController#index/create	donor_report_uploads	donor_report_types, users, bli_activities, project_ownerships, active_storage_attachments, active_storage_blobs	Uploads donor reports and screenshots; project options come from active BLI rows and project ownerships.
Reports	Donor Report Record	All logged-in users	/donor_report_records DonorReportUploadsController#records	donor_report_uploads	donor_report_types, users, active_storage_attachments, active_storage_blobs	Record/export view of uploaded donor reports.

Reports	Fund Report Upload	Admin/MIS	/fund_report_uploads FundReportUploadsController#index/create	fund_report_uploads	fund_report_types, users, bli_activities, project_ownerships, active_storage_attachments, active_storage_blobs	Uploads fund reports, receipt/letter data, documents and screenshots.
Reports	Fund Report Record	All logged-in users	/fund_report_records FundReportUploadsController#records	fund_report_uploads	fund_report_types, users, active_storage_attachments, active_storage_blobs	Record/export view of uploaded fund reports.
Reports	Report Masters	Admin/MIS	/report_masters ReportMastersController#index/create_*	pis_document_types, donor_report_types, fund_report_types	None	Master setup for PIS document names, donor report names, and fund report names.
API	Project Action Plan API	API consumer	/api/project_action_plan Api::ActionPlansController#project	action_plan_rows	project_ownerships, action_plan_fco_mappings, employees	JSON API for project action plan data.
API	Vertical Action Plan API	API consumer	/api/vertical_action_plan Api::ActionPlansController#vertical	action_plan_rows	action_plan_vertical_mappings, project_ownerships, employees	JSON API for vertical action plan data.
API	P&B Summary Approval API	API consumer	/api/project_summary_approvals Api::ProjectSummaryApprovalsController	project_summary_submissions, project_summary_submission_items	bli_activities, project_information_sheets, action_plan_rows, project_ownerships, employees, vertical_percents	JSON API for P&B summary approvals. Includes project_id and source/colored-workbook related data fields added for integration.

Menu Access / Visibility Checks

Area	Tables / Helper Models	Meaning
Admin/MIS menu	users, employees	Admin is decided mainly by users.role and linked employee.
P&B menu visibility	bli_activities, project_summary_submissions, employees	Allocated/summary menu depends on active BLI activities and summary access helpers.
Action Plan menu visibility	project_ownerships, action_plan_fco_mappings, action_plan_vertical_mappings, action_plan_submissions, achievement_submissions, employees	Project owner, FCO access, vertical mapping, and approver checks control visibility.
Reports menu visibility	users	Mostly current_user/admin checks; records are filtered inside each controller.
File preview/download support	active_storage_attachments, active_storage_blobs, active_storage_variant_records	Attachment tables support uploaded report and achievement files.
Helper models with no DB table	ActionPlanFcoGroup, ReportFinancialYear	Used for grouping FCO IDs and financial-year option generation; these are not database tables.

Quick Lookup

Common Question	Answer
Project Action Plan ka main table?	action_plan_rows; submission/approval table action_plan_submissions with plan_type = project.
Vertical Action Plan ka main table?	action_plan_rows; vertical mapping action_plan_vertical_mappings; month edit audit action_plan_month_changes; submission action_plan_submissions with plan_type = vertical.
P&B Summary Approval ka main table?	project_summary_submissions and project_summary_submission_items; approval apply hone par active bli_activities update hoti hai.
Achievement Entry ka main table?	Achievement values action_plan_rows ke monthly achievement columns me; remarks/files achievement_entry_details; approval records achievement_submissions and achievement_submission_rows.
Reports uploads files kaha store hote hain?	Upload row apni table me hoti hai, file links active_storage_attachments / active_storage_blobs me hote hain.
